Plant Protection Association of India (PPAI) – An overview

Background

The Plant Protection Association of India (PPAI) is a scientific society established in 1972. It is non-profit organization, registered under the Andhra Pradesh (Telangana Area) Public Societies Registration Act, 1350 Fasli (Act I of 1350 F.) on 4th December, 1972. Its membership is open to all those scientists interested in promotion of Plant Protection and is dedicated for that cause. It operates from the National Bureau of Plant Genetic Resources, Hyderabad through an executive council and an editorial board duly elected once in two years. The Plant Protection Adviser to the Government of India is its Honorary Patron. It has a strength of over 150 regular members, 425 life members and has 100 Institutional membership.

Aims and Objectives

- ✓ To advance the cause of plant protection by encouraging and promoting plant protection research and education in the country.
- ✓ To provide a forum for dissemination of information related to plant protection through a journal.
- ✓ To bring about exchange of views and ideas on plant protection by organising lectures, discussion, seminars, symposia etc.
- ✓ To maintain a link between plant protection workers in India.
- ✓ To involve in any such activity which will be useful for the advancement and adoption of plant protection techniques developed by the scientific community.

Membership

a. Enrolment of members; Membership of the association is open to all persons interested in plant protection not below 18 years of age.

b. Categories of members: Charter members; Members joining on or before 15th October, 1972 were designated as charter members.

Ordinary members: Members joining after 15th October, 72 are ordinary members.

Fellows; Five years continuous membership as ordinary members shall entitle them to become fellows of the association and in the case of charter members the period was for 3 years.

Honorary Life members; Individuals who are distinguished scientists and have rendered valuable service to the cause of plant protection may be enrolled as Honorary life members on the recommendation of the executive council and ratified by the general body.

Patrons; Eminent people from all walks of life can be patrons. All applications for membership should be approved by the executive council.

Admission fee and subscriptions:

1. The annual subscription of members is RS. 1500/- payable in advance, and shall become due on 1st April of every year. Members and Intuitions subscribers shall have to bear the bank commission in respect of outstation cheques. Patrons shall pay a ₹1500/-

Activities

The Association publishes a scientific journal called the Indian Journal of Plant Protection. Two issues of the Journal are published every year in March, June, September and December. So far 50 volumes have been published. The journal is indexed/ abstracted in Bioscience, Chemical Abstracts, Review of Applied Entomology, Review of Plant Pathology, other CAB abstracts and AGRINDEX of FAO.

From time to time the PPAI organizes workshop and seminar on various themes. The following conference/symposia/workshop etc have been conducted by the Association so far:

1986 - National Seminar on Plant Protection in Field Crops.

1988 - National Workshop on Plant Protection in Horticultural crops.

1992 – National Seminar on Changing Scenario in Pest and Pest Management.

1994 – National Workshop on use of Pheromones in Integrated Pest Management.

1995 – National Symposium on Integrated Pest Management and Environment.

1997 – National Seminar on Plant Protection Towards Sustainability.

2007– National Conference on Organic Waste Utilization and Eco Friendly Technologies For Crop Protection.

2010 – General Body Meeting on 28th April, 2010.

2012 – International Conference on Plant Health Management for Food Security from 28-30th November, 2012.

2014 – Annual General Body Meeting on 31st January, 2014

2016 – National Conference on Plant Health Management at Tirupathi

2018 - General Body meeting and Brain Storming Session on Emerging Plant Protection Technologies: Opportunities and Challenges on 20th April, 2018

2019 – Associated in organizing “XIX International Plant Protection Congress” (IPPC2019)

2019 – Red Palm Weevil Symposium:- Outsmarting the Red Palm weevil: A Global Challenge during XIX International Plant Protection Congress (IPPC2019)

2023- Brain Storming Session on Integrated pest management of invasive black thrips (*Thrips parvispinus*) in chilli in Telangana and Andhra Pradesh on 28th January, 2023.

The Society also arranges popular lectures every now and then by eminent scientist for the benefit of its members and conducts an annual General Body Meeting with a technical session.

Publications

1. Indian Journal of Plant Protection -50 volumes till 2022.
2. Extended Summaries of the National Conference on Organic Waste Utilization and Eco-friendly Technologies for crop Protection.
3. Resource Management in Plant Protection during Twenty First Century (Proceedings of the National Conference in 2002 in two Volumes)
4. Plant Protection in Field Crops (Proceedings of the national Seminar, 1986)
5. 40 years of Plant Protection in India
6. Pests and pest Management – Changing Scenario (Proceedings of the National Seminar, 1992).
7. Pheromones in Integrated Pest Management (Proceedings of the National Workshop, 1994).
8. Plant Protection and Environment (Proceedings of the National Symposium, 1995)
9. Plant Protection Towards Sustainability (Proceedings of the National Symposium , 1997- A special issue of IJPP)

Awards by Plant Protection Association of India

To encourage scientists and to promote plant protection in India, the following awards have been instituted and given through the Association.

1. Dodla Raghava Reddy Memorial Award

This award was instituted by Dr D V R Reddy former President of PPAI and former Principal Scientist and Leader of Virology, International Crops Research Institute for the Semi-Arid Tropics (ICRISAT) in the year 1983 in memory of his late father Shri Dodla Raghava Reddy for outstanding contributions in the field of Plant Protection. The award is given to Indian citizens once in three years constituting a gold medal and a certificate from interest accrued from a fund of Rs 300,000/ (Rupees three lakhs only).

Individuals who wish to be considered should send FIVE copies of their biodata, indicating precisely the achievements made in Plant Protection to ‘The General Secretary, Plant Protection Association of India, NBPGR-Regional Station, Rajendranagar, Hyderabad- 500 030, Telangana State.

The following are the criteria considered for the award:

- The award is restricted to Indian citizens only.
- Only those who are working in institutes supported by the Indian Government and State governments are eligible. These include ICAR supported research institutes, State government and University Grants Commission supported universities.
- Those who are employed by multinational companies, commercial companies and employed by International Institutes including those supported by Consultative Group for International Agricultural Research, are not eligible.
- Candidate should have published research/review papers in journals with high impact factor of not less than “2”. Those who received meritorious award/s for their research will receive priority.
- Candidates who have made significant contributions towards the functioning and reputation of the Plant Protection Association of India are also eligible.
- Initial screening will be done by the Executive Committee (EC) of the Plant Protection Association of India. A list of potential candidates will be forwarded to Dr D V R Reddy or his nominee and he in consultation with EC a maximum of three candidates will be chosen.
- If there is no consensus of the short listed candidates among the EC members, names of the short listed candidates will be sent to an expert of international reputation in the field of agriculture, preferably in plant protection. The expert will choose the final awardees in consultation with EC represented by the General Secretary and Dr Reddy/ his nominee.

Recipient of Dodla Raghava Reddy Memorial Award

1997: Dr. A. Appa Rao

.....

2. Dr Bap Reddy Award for Integrated Pest Management

Dr Bap Reddy, an eminent Scientist, who contributed immensely for pest management in India and Asia Pacific for nearly 40 years and retired as FAO representative after serving the United Nations for two years, donated Rs 15000/- over three decades ago for instituting this award. The interest accrued from this amount is given as award once in two years. The award constitutes a plaque, a certificate and cash. This award is given once in two years.

The purpose of the award is to promote the concept of Integrated Pest Management (IPM). Individuals whether solely or collectively engaged in development, research or extensions to promote the concept of IPM in India are eligible for the award. The award shall not be given to the same person twice. Work done in India during the previous five years period is considered for the award.

Individuals who wish to be considered should send five copies of their biodata, indicating precisely the work done and the bearing it has on IPM, to the General Secretary, Plant Protection Association of India, NBPGR- Regional Station, Rajendranagar, Hyderabad-500030, Telangana State.

About the Journal: Indian Journal of Plant Protection

Focus and Scope

Original research papers on applied aspects of plant protection (insect pests, mites, nematodes, diseases, rodents, weeds and plant protection equipment) are considered for publication. Papers on routine laboratory/ field studies are discouraged. Research articles based on Integrated Pest Management trials conducted for a minimum of two seasons shall be given due weightage. Field data especially on assessment of crop losses, control trials and host plant resistance should be for a minimum of two seasons.

Peer Review Process

- Editor/Associate Editor completes the preliminary screening/editing, which includes checking format (Title, affiliations, present address, abstract, scientific nomenclature, text and reference presentation).
- The referees will be selected based on expertise in one or more areas and should be able to think clearly and logically, and also write a good critique.
- Each paper submitted for publication is sent to one independent referee for peer review. In few cases it will be sent to two independent referees.
- Referees are expected to respond to the editor's request for advice within a stipulated period (15 days), which is clearly stated by the editor. If the review process is not completed within the stipulated time, reminder will be sent to the referee twice at weekly interval.
- Evaluation sheet is also provided to the referee for seeking advice on all aspects of the article. The referee is advised to give willingness for reviewing immediately. If it is not feasible to review the manuscript within the stipulated period, the reviewer should express his/her inability to take up the task to the editor. The editor can send the article to another referee without further delay.
- On receipt of comments from the referee, Associate Editor/ Chief Editor takes suitable action and paper is sent to author for modification along with the comments of referee/ Associate Editor/ Chief Editor.
- If the reports of referees disagree with regard to the suitability of the paper for publication, Chief Editor will take final decision independently or in consultation with Associate Editor/Editorial board on the rejection of the paper and advice of a second referee is also sought, if required.

Publication Frequency

Four issues of the journal are published every year in March, June, September and December respectively.

Publication platform and open access policy

The online version of journal is published in Online Journal publishing system for Research Journals in Indian Council of Agricultural Research and it is available in

<https://epubs.icar.org.in/ejournal/>. This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.
